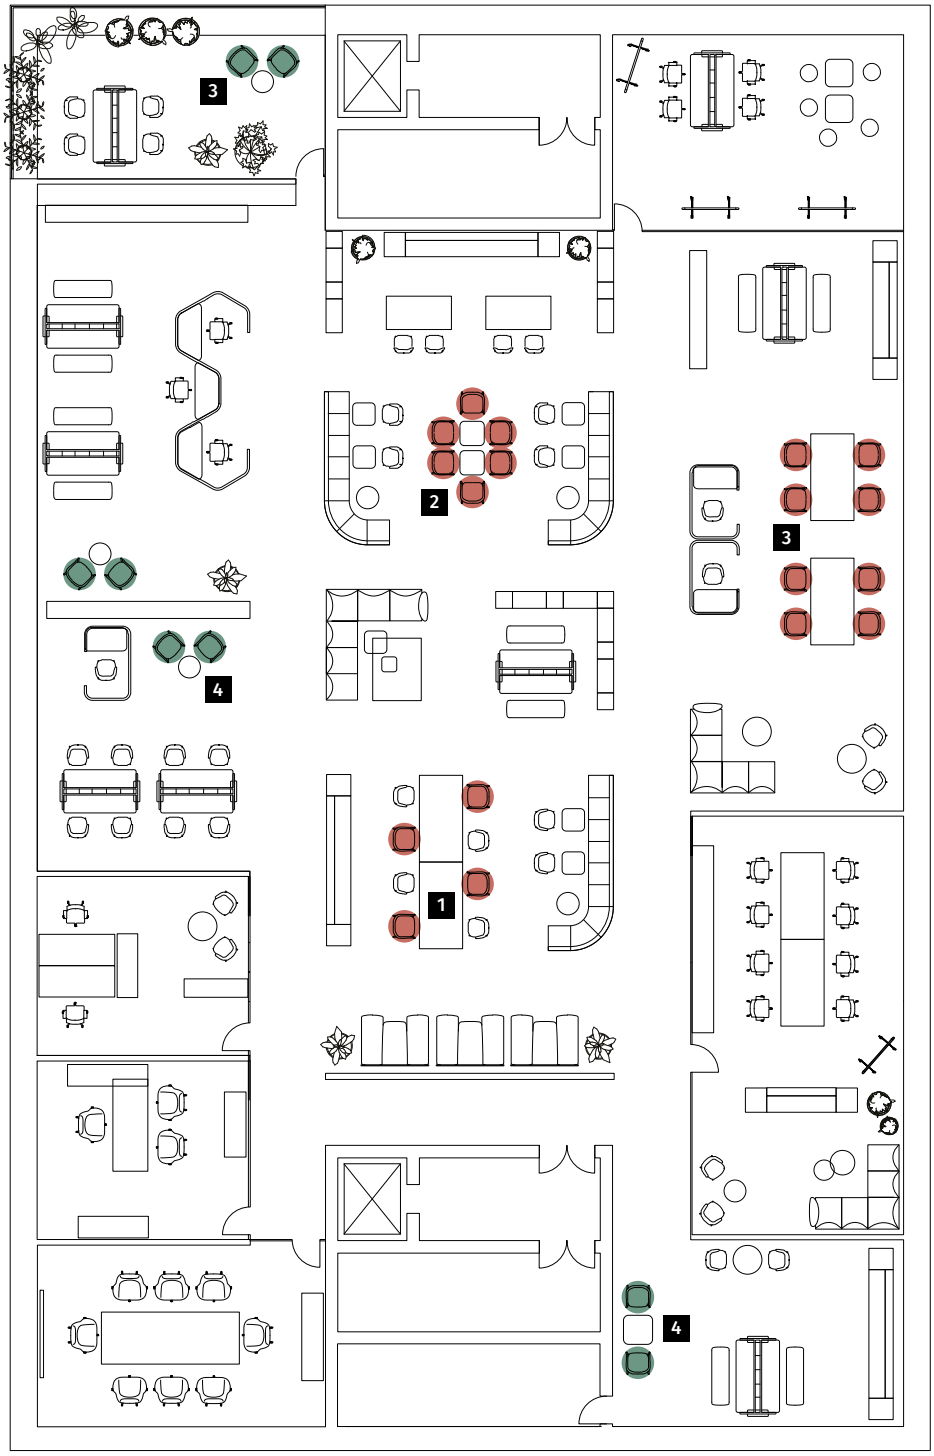
sedus

se:café wooden chair

Organic design meets high-quality workmanship

The story of Sedus Smart Café stands for a new kind of working environment that unites functionality, ambience and hospitality. se:café wooden chair brings a grounding, inviting component to this concept with its natural aesthetics and warm materiality. With its clear design language and the use of solid wood, it creates a connection to nature that can be felt, seen and experienced emotionally. Whether as seating furniture in the work café, in intermediate areas or lounge areas, se:café wooden chair impresses through timeless elegance and maximum comfort. The use of wood from sustainable forestry guarantees sustainable materials, while the handcrafted details and the visible wood grain make each piece unique. With Viennese wicker or two versions in table and lounge height, se:café wooden chair adapts flexibly to different needs. se:café wooden chair embodies the values of the smart café: natural materials, well thought-out design and an atmosphere that promotes creativity and collaboration. A statement for sustainable, modern working environments.

DESIGN AWARD 2025



Application areas

1 Work Café

2 Canteen, bistro & cafeteria

3 Libraries & quiet zones

4 Hubs & intermediate areas

se:café wooden chair

se:café wooden chair
The high-quality solid wood chair, se:café wooden chair with a table-oriented height, impresses with its timeless look and creates a natural environment in the work café, canteen or cafeteria. The seat surface: wood can be moulded or supported with Viennese wicker.

se:café wooden lounge chair
se:café wooden lounge chair is ideal for libraries & quiet zones, but also for bistros and cafeterias thanks to its lounge height. The solid wood armchair's wider proportions and sloping seat surface also ensure a greater degree of comfort.

se:café wooden chair

Table-orientated solid wood chair in a timeless design

se:café wooden chair stands out with its simple yet elegant design. Made from high-quality, sustainably sourced solid wood, it not only offers exceptional stability, but also a high level of comfort. The clean, defined lines make it a perfect choice for environments aiming to create a welcoming and stylish atmosphere. The natural wood grain gives each chair a unique character, while the careful craftsmanship ensures longevity. se:café wooden chair is not just a piece of furniture, but a statement of quality and design awareness.

Advantages

- The solid wood chair impresses with its attractive appearance.
- Crafted from solid wood, se:café wooden chair is particularly stable, durable and timeless.
- Social interaction, exchange and communication are encouraged.

Features

- The wood is from sustainably managed forests.
- The table height is suitable for sitting in an upright position.
- se:café wooden chair meets high standards in terms of design, aesthetics and quality.
- Clear, organic and flowing lines characterise the chair.
- The solid wood chair is supplied fully assembled in cardboard packaging.
- se:café wooden chair is made from wood, i.e. a renewable raw material.

Options/accessories

- The seat surface consists of either moulded wood or is covered with Viennese wicker.
- The solid wood with veneered shaped wooden seat is available with a seat height of 425 mm.
- The chair with Viennese wicker is available with a seat height of 400 mm.
- For the veneered seat version, a replaceable cushion can be selected that looks like full upholstery. This can be retrofitted and replaced without tools. It consists of PUR upholstery foam and the underside has an anti-slip coating. The replaceable upholstery can be fitted with Sedus cover materials as well as leather and imitation leather.

sedustainable

se:café wooden chair is sustainable.

Social responsibility

- se:café wooden chair is suitable for many users.
- The chair enables comfortable sitting without pressure points on wide seat surfaces.

Economy

- The solid wood chair is particularly stable, durable and timeless.
- se:café wooden chair is simple to clean.

Ecology

- It uses a sustainable raw material.
- The chair has a good ecological footprint and a very low CO_2 value due to the high proportion of wood.
- The wood comes from sustainably managed forests.

Sedus pursues a holistic approach to sustainability based on the three pillars of social, ecology and economy. The goal of becoming CO_2-neutral at its administrative and production sites by 2025 is actively supported through the development of innovative products and efficient production methods. Sedus is also committed to social projects, education and health through two foundations to which the company is majority-owned, thus making a positive contribution to society. With the “Sedustainable” initiative, Sedus designs holistic workplace solutions that both protect the planet and improve the quality of life of its employees. We really care.

We really care

Designed, engineered, crafted **in Germany. Since 1871.**
