

# se:café soft stool

The elegant se:café soft stool with its soft upholstered seat not only invites you to linger at a bar or a high dining table, but also proves to be the ideal choice for short meetings in a modern work café. The “studio” intermediate height makes it possible to sit and stand up spontaneously, depending on the requirements of the working environment. The “bar” version is the ideal choice for a raised sitting position, for example at the bar or high desk. These versatile options ensure maximum flexibility and comfort in various work situations.
