*Agile tables for
multifunctional spaces*

ABOUT SEDUS

Who we are and what we do

Sedus Stoll AG was founded in 1871 and is one of the leading European manufacturers of office solutions. The product range includes seating furniture, such as swivel and visitor chairs, as well as office, conference and contract furniture – all “Made in Germany.”

The company headquarters is located in Dogern on the High Rhine in southern Germany. Another production site is in Geseke, North Rhine-Westphalia. Sedus is a company with a long tradition and more than 150 years of company history that has repeatedly set standards – in terms of ergonomics, manufacturing processes and sustainability. As a synonym for innovation, technology and aesthetics, Sedus constantly enriches the “office world” with new product ideas and contemporary concepts. Sedus puts a strong focus on current trends and changes in the world of work. New organisational structures and forms of work require flexible, aesthetic furnishings and custom-made solutions that enhance collaboration, communication and movement. We place a particular emphasis on ensuring the health and well-being of all who use our furniture.

in expressing their
genius at work.

Why se:lab flip and se:lab tableboard

Puristic or cosy?

A variety of finishes and colours opens up countless possibilities for individual visual design

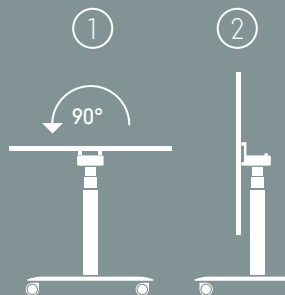

se:lab tableboard

Height-adjustable standing table with swivelling table top for magnetic whiteboard function

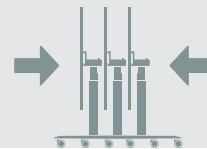

Intuitive operation

Whether moving, folding up, stacking or linking:
All se:lab flip functions are quick and easy to use

Space-saving

Several tables can be stacked one inside the other and stowed away in the smallest of spaces

se:lab flip perfectly adapts to any agenda

Mobile at all times: Thanks to the castors, the tables can be easily moved and rearranged quickly

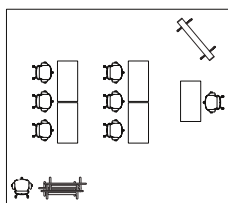

se:lab flip is the ideal all-rounder for multifunctional spaces.
It is possible to create new work situations in no time at all

APPLICATION AND FUNCTION

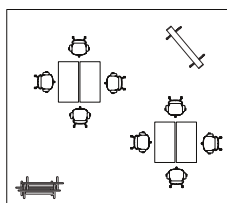

One table, endless possibilities

Whether seminars, workshops, meetings or lectures: With the se:lab flip mobile stackable table, any set-up can be flexibly organised in multifunctional spaces – and very easily too. Thanks to its castors, se:lab flip can be effortlessly moved around the room. When not in use, it can be folded up and stowed away to save space in just a few simple steps. With numerous table top sizes and shapes as well as other customisation options, se:lab flip can also be adapted to its surroundings, making it a valued participant at any event.

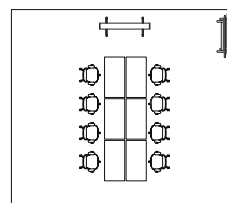

Staying flexible through the day with se:lab flip

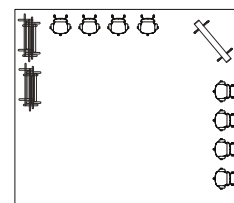

8am **training course**

11am **workshop**
training course

3pm **meeting**

6pm **yoga class**

Adaptable: se:lab flip
can be easily moved and
stowed away to save space

INTUITIVE OPERATION

Simply flexible

After the seminar means before the meeting: When individual tables are no longer needed for the next occasion, they can simply be folded up in the centre, stacked one inside the other and stowed away to save space. The folding mechanism requires no effort at all and guarantees maximum safety with its clever two-hand operation.

When folded up and stacked one inside the other, even multiple tables take up very little space

Release lever for folding mechanism

Electrical connection option

Optional modesty panel

Lockable castors

ELECTRICAL CONNECTION AND LINKING

Networking made easy

To meet the most diverse requirements in multifunctional rooms, se:lab flip has a number of well thought-out details that make working easier. These include integrated sockets for easy access to power and the option of linking several tables flexibly and without using any tools.

1. Integrated cable tray for discreet cable management including connection cable for linked tables

2. Integrated cable holder

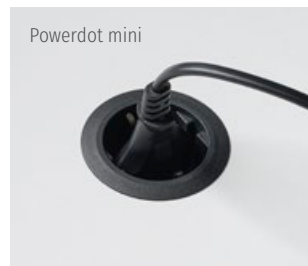

3. Integrated socket modules

4. The tables can be connected lengthwise and end-to-end without using any tools and can, for example, be set in a block position or row (prerequisite: matching dimensions of the linked table tops)

SOCKET MODULES AND CONNECTIONS

Power for productivity

The sockets integrated into the table top make it easy to use electronic devices and, at the same time, keep the work surface tidy.

3in1

se:lab tableboard

- Sitting or standing table
- Whiteboard option
- Mobile use

se:lab tableboard

More than just a standing table

Work wherever and however you want: Due to its continuous motorised height adjustment, se:lab tableboard can be transformed into a mobile standing workstation in just a few seconds. What is so special about it? The vertically swivelling table top means that the tables can be stacked to save space and can also be used as a whiteboard in combination with a writable and/or magnetic surface.

With just a few simple adjustments, a height-adjustable table is transformed into a compact whiteboard

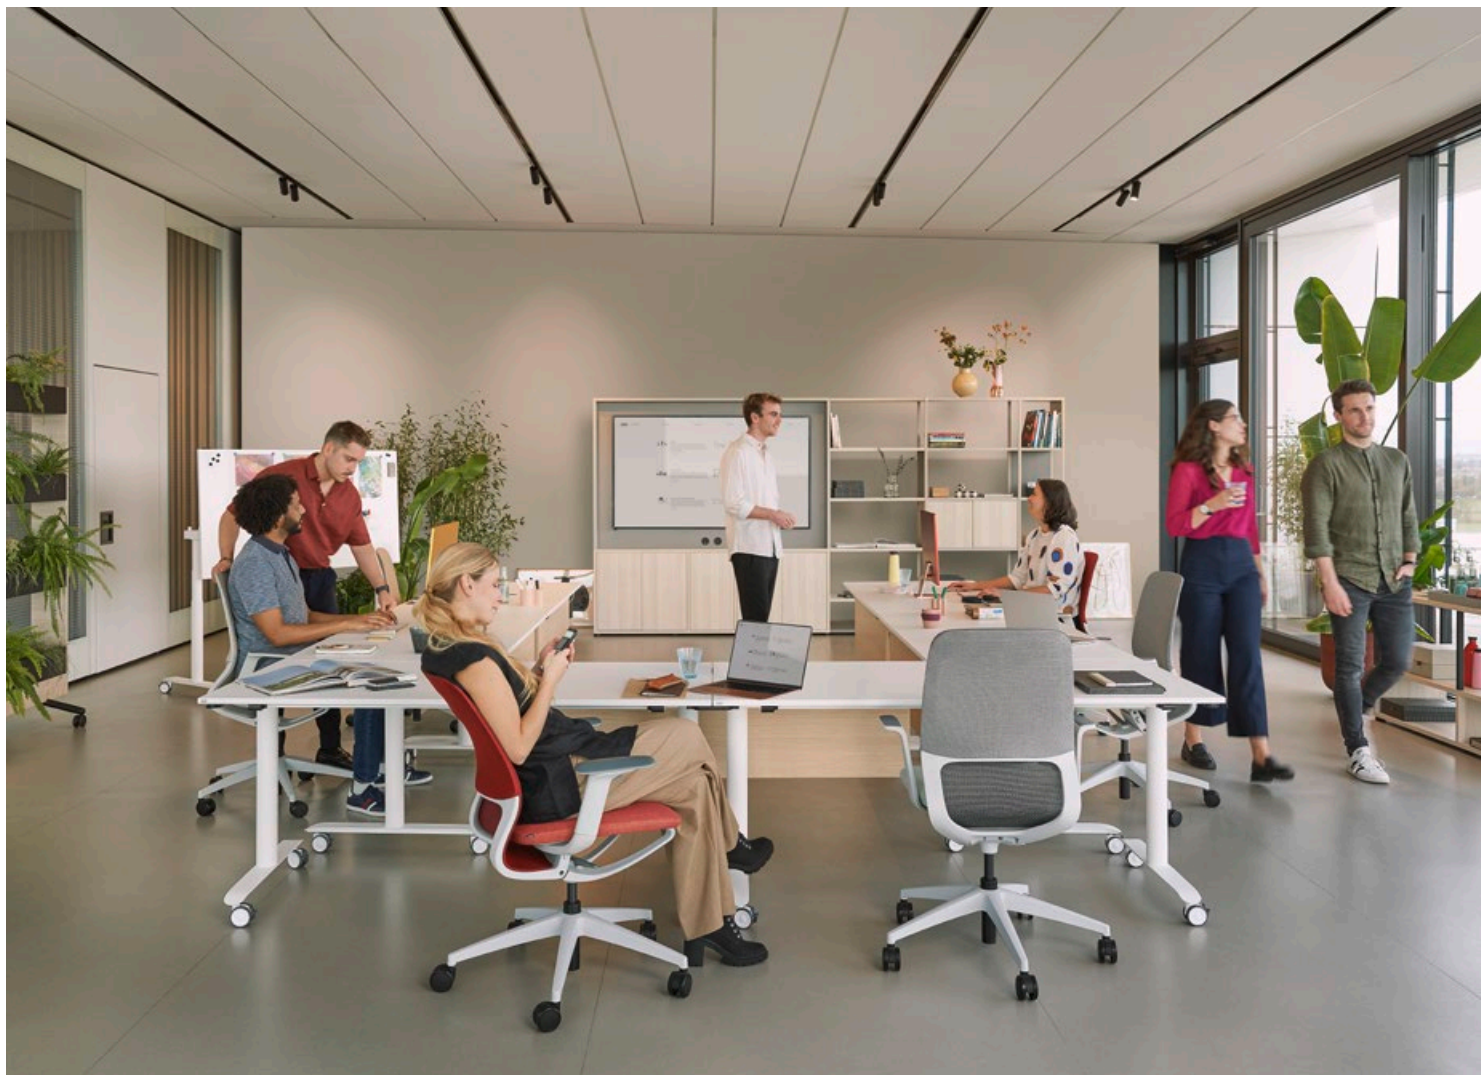

The whiteboard surface
is writable and/or
magnetic

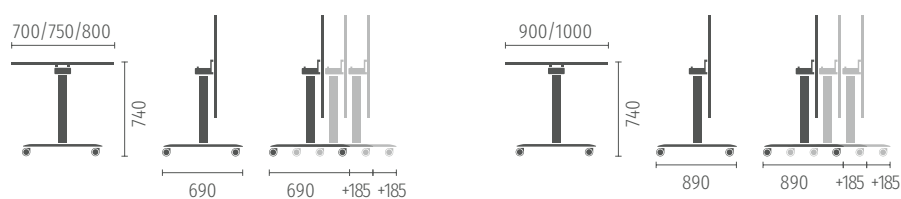

Optionally, a rechargeable battery is available
to replace the power cable so that the table
can also be adjusted in height where there is
no power socket nearby

Overview

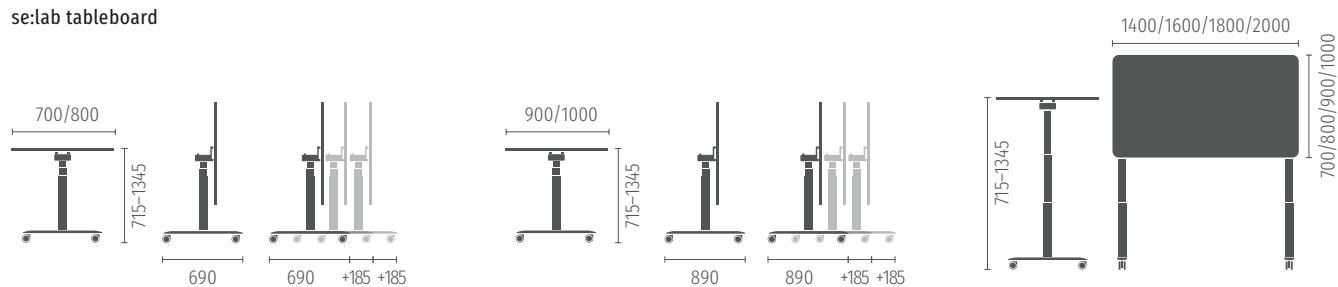

Model		se:lab flip	se:lab tableboard
		 Meeting table, stackable in a space-saving way	 Meeting table, motorised height adjustment
Table height (in mm)		740	715–1345
Table top sizes (in mm)			
Rectangular (optional with rounded corners)	 	700 × 1200/1400/1600/1800 750 × 1500 800 × 1200/1400/1600/1800/2000 900 × 1600/1800/2000 1000 × 1600/1800/2000	700 × 1400 800 × 1600 900 × 1800 1000 × 2000
Semi-circular		800 × 1600 900 × 1800	–
D-shape		700 × 1400 800 × 1600 900 × 1800 1000 × 2000	–
Boat-shaped		1000 × 1800 1000 × 2000	–

For a harmonious overall appearance

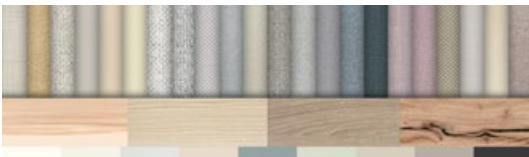

A harmonious working environment contributes significantly to well-being and productivity. Well-conceived furnishings, pleasant fabric and material combinations as well as the choice of colour accents are key factors for achieving this goal. Whether Smart Balance, Soft Being, Urban Living or Multi Creation – se:lab flip and se:lab tableboard can easily be adapted to any of these colour schemes.

The image shows se:lab flip in a colour scheme according to the Sedus colour concept Urban Living

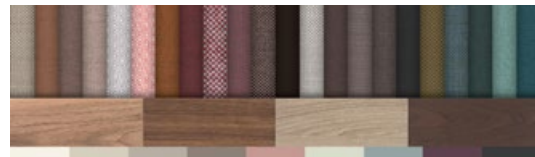

Smart Balance

structured, technical, functional, light, reduced, calm

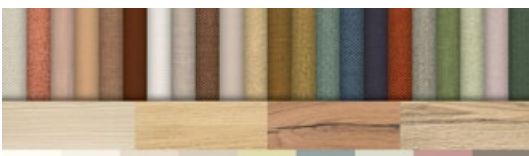

Urban Living

comfortable, respectable, elegant, urban, intense, timeless

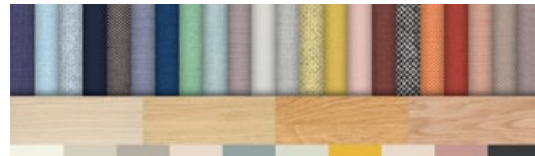

Soft Being

gentle, calm, balanced, natural, inviting, regenerative

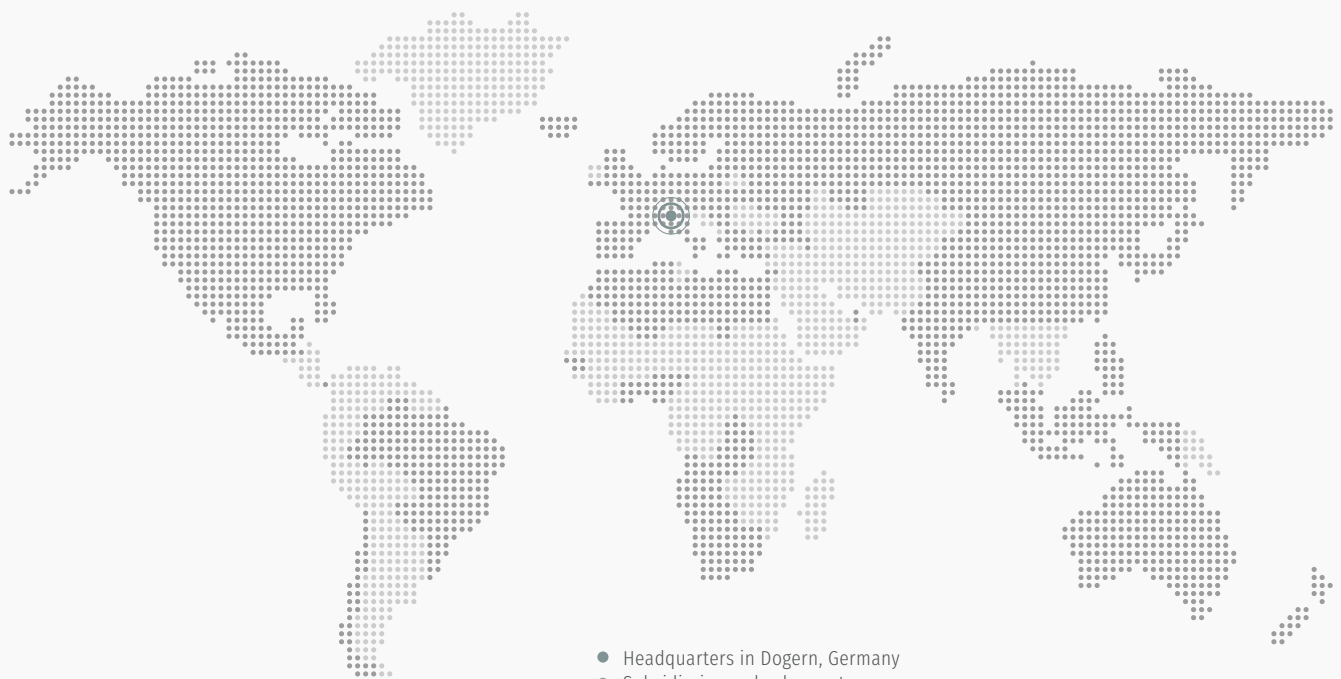

Multi Creation

motivating, inspiring, creative, dynamic, active, open, free
